

Successful Breaks

Radisson wants to help you make your event a success. Successful Breaks are ideas, concepts and thought starters to ensure your attendees are engaging not only during the meeting, but during interactive, team building time.

Radisson has six Successful Break concepts that can set your next event apart from the rest.

- Provide a mini oasis with a relaxation or spa themed break to ensure attendees are rejuvenated.
- Provide a tangible memento to attendees with photography and fun, event-specific props.
- Teambuilding can be fun with in-hotel scavenger hunts, trivia contests, an all-day domino game and MORE.
- Color, color and more color. Provide a single or multi colored break that really lets wedding colors or corporate colors be the focal point.
- Give back to the community with a charitable activity completed before, during or after your meeting.
- Friday the 13th, Dr. Seuss Day, Checkers Day and other non-traditional holidays provide a memorable and fun way to theme a break.

Be sure to ask about adding a Successful Break concept when you plan your next meeting or event with Radisson.
